

Snap Frame Series Light Box

It's a Snap to make promotions easier to manage!

The Snap Frame light box series offers outstanding illumination for either single or double-sided light boxes. The well constructed, all aluminum structure is designed and manufactured for long-term use. Our history of designing and producing lighting fixtures for over 50 years ensures your image is free of shadows and hot spots. The popular series includes a snap frame that conveniently opens on all four sides for quick and simple graphic replacements. The Snap Frame light box is used in a variety of retail and point of purchase applications that require frequent graphic changes.

We guarantee the best prices available. You won't see us at trade shows or in trade publications doing 4-color ads, we want to pass those saving on to you. Call us now. We will not be outbid!

The Advantage

- Lightweight aluminum construction provides strength, knockouts make for faster and easier installation
- Electronic ballast affords energy savings of 20%-40% over traditional magnetic ballast
- Color corrected T8 lamps offers lamp-to-lamp consistency while showing truer graphic colors
- Snap lock frame opens on all four sides for easy graphic and light replacements
